To Whom it May Concern

Right Click Employment Solutions

I am delighted to provide this testimonial for Right Click Employment Solutions.

Vision Software is a company on a mission. We won two Westpac Tauranga Business Awards in 2005, and are proud to be a member of the HiGrowth 100 x 100 Project, which aims to help 100 companies achieve annual revenues of at least \$100m within 10 years.

Right Click had only recently started business when I retained Shelley Thomas to find a Business Manager to help manage our growth. The right candidate had to have a rare mix of proven HR, business and accounting skills – not an easy assignment.

I admit to some reservations about the outcome, based on previous experience with recruitment agencies, but I gave Shelley the opportunity because of her personal integrity and business acumen, and her ability to articulate the process she would use to ensure we got the best candidate for this key position.

Shelley's commitment to service was excellent. She came out to meet me and get to know our business. She asked the right questions, and listened to the answers. Her follow up was spot on. She didn't bombard us, but kept in regular contact, even if it was to say there was no news.

Right Click provided a thoroughly professional service. It took time patience and skill to attract the right person for our business. I'm very pleased with the candidate Shelley found for us, and the outcome is just what I hoped for.

Shelley and her team had our best interests at heart, and I recommend Right Click Employment Solutions for all your recruitment needs.
